a. Review of FY2024–2027 TIP and Administrative Modifications

- i. Staff reviewed the TIP administrative modifications:
 - 1. Staff noted that the MPO remains projected to run negative beginning in FY 2027 and that future adjustments will be needed. The construction phase of Friendship Road Phase I has been moved to FY 2027. Utilities for Friendship Road Phase I were also moved forward but remained within the same fiscal year.
 - 2. Staff also reviewed several non-MPO funded projects occurring within the MPO boundary, including pedestrian improvements on SR-204, pedestrian safety improvements on SR-21, guardrail work near the

southern MPO boundary, and a new corridor study for Leon Smith Parkway from Choccolocco Creek to U.S. 78/SR-4.

3. Members discussed the Leon Smith Parkway corridor study and noted congestion concerns in the Oxford Exchange area, including blocked intersections and traffic signal issues.

b. **Resolution 891: Amend FY 2024-2027 TIP to Remove Bynum Leatherwood Road Project and Reallocate Funding to Old Gadsden Highway**

- i. Staff explained that Calhoun County received Congressionally Directed Spending for the Bynum Leatherwood Road project and requested that MPO funds previously programmed for that project be reallocated to the Old Gadsden Highway project.
- ii. **Motion:** Mr. Tim Huddleston made a motion to approve Resolution 891.
Second: Mr. Theo Smart seconded the motion.
Vote: Motion carried unanimously.

c. **Resolution 892: Amend FY 2026 UPWP to Include FY 2025 Rollover Funds**

- i. Staff presented Resolution 892, which allocates FY 2025 rollover planning funds into the FY 2026 UPWP.
- ii. Staff explained that the rollover funds will support MPO administration, UPWP work, education and training, COOP updates, data collection and analysis, the Public Participation Plan update, Title VI work, LRTP/modeling work, TIP development, and future planning activities.
- iii. Members discussed the importance of using planning funds for meaningful planning projects and asked about potential eligible project types. Staff described examples such as bike/pedestrian plans, complete streets planning, corridor studies, and other transportation-related planning efforts.
- iv. **Motion:** Mr. Tim Huddleston made a motion to approve Resolution 892.
Second: Mr. Darryl League seconded the motion.
Vote: Motion carried unanimously.

d. **Resolution 893: ADA Paratransit Implementation Plan**

- i. Staff presented Resolution 893 for the ADA Paratransit Implementation Plan.
- ii. Members discussed paratransit ridership, increasing costs, and the financial impact on participating municipalities, particularly the City of Weaver. The discussion included trip costs, dialysis-related trips, rider eligibility, and possible coordination with other transportation resources.
- iii. Members requested additional information from transit staff at a future meeting to better understand paratransit costs, funding, and program requirements.
- v. **Motion:** Mr. Tim Huddleston made a motion to approve Resolution 891.
Second: Mr. Darryl League seconded the motion.
Vote: Motion carried unanimously.

e. **Status of ALDOT Pre-Construction and Construction Project Updates**

- i. Staff provided a brief status update:
 - 1. Staff reported that there were no major new updates on the Oxford projects beyond prior information. Right-of-way authorization and documentation remain ongoing for multiple Friendship Road and Airport Road phases.
 - 2. The Old Gadsden Highway project was noted as being on schedule, with letting expected soon pending MPO action on Resolution 891.
 - 3. Staff also noted that ALDOT construction updates remain limited because the position that previously provided those reports has not yet been filled.

f. **Safety Observations**

- i. Staff provided the full historical list of CAC safety observations and reviewed the updated process for handling them.
- ii. Staff explained that the CAC's role is to identify and document safety concerns, which are then shared with the TAC and MPO Policy Committee for review by the appropriate jurisdictions. Items may be closed when no action is currently being pursued, but they may be revisited if funding becomes available, conditions change, or local government support develops.
- iii. Members discussed the need to keep historical safety observations available for reference and to revisit certain items when circumstances change, particularly with new municipal leadership or new funding opportunities.
- iv. The 10th Street and Quintard Avenue turn lane issue was discussed as an example of a safety observation that moved forward after additional funding became available.

5. Other Business

a. **CAC Vacancies and Subcommittee Report**

- i. Staff reviewed CAC vacancies and attendance. Staff noted ongoing efforts to fill vacancies with Weaver, Calhoun County, Hobson City, Jacksonville, Oxford, and Anniston. Mayor Clendenning stated that Weaver is working to identify new appointees. Members discussed the need to follow up with appointing authorities and inactive members.

b. **Anniston Express and ADA Para-Transit Ridership Report**

- i. Staff reviewed the fixed route and ADA paratransit ridership reports. Fixed route ridership appeared to be performing well. Members discussed ADA paratransit ridership in more detail, particularly the increase in Weaver and the cost impact on municipal budgets. Staff stated that additional information would be requested from transit staff for a future meeting.

c. **Next CAC Meeting: June 3, 2026**

6. Adjournment

- a. There being no further business, a motion to adjourn was made.
